

Noticing Nature Close to Home

No matter where you live, when you turn on your watching owl eyes and listening deer ears you can notice amazing things in nature. Try it today! Can you notice...

| | | |
|--|--|---|
| <p>An Insect</p>  <p>Where do you think it is going? Why?</p> | <p>Something that feels smooth</p> <p>Write or draw it!</p> | <p>The sound of a bird</p>  <p>Can you find the bird making the sound? Why is it calling?</p> |
| <p>Something that looks magical</p> <p>Write or draw it!</p> | <p>Something that doesn't belong in nature</p>  <p>Can you clean it up?</p> | <p>Buds on a tree</p>  <p>Can you guess what kind of tree it is? How do you know?</p> |
| <p>Three different shades of green</p>  <p>Why are some plants more green than others?</p> | <p>A Squirrel</p>  <p>Watch the squirrel carefully. Can you discover its home?</p> | <p>A blooming flower</p> <p>Write or draw it!</p> |
